

Strategic Warning Staff

ROOM 1C925, PENTAGON

DATE 30 September 1975

MEMO FOR

STAT

STAT DIA

 DIR-1A1, command and control section, has expressed interest in working on the staff if his extension of duty in DIA is approved by the Army. In the event that we get nowhere with ACSI via the USIB route and you feel DIA can spare us a man for the army slot, Andy would be an ideal candidate.
